

## Multiple Hole Bushings

The Tuff-Seal product line features Multiple Hole Bushings that are used when multiple conductors need to be terminated into one fitting. There are over 300 configurations available which fit all the types of material that our standard cord connectors are made from. Please contact the factory to discuss your specific application requirements

(Bushing Only) Catalog Numbers	Full Assembly Part Number	Number of Holes	Diameter Each Hole	Hub Size
SRB-00964-2	RSR-00964-2	2	.141"	3/8"
