

RSM Cord Grips with ISO Metric Threads

The line of Tuff-Seal liquid-tight RSM Series Cord Grips are similar to our standard products except that the external conduit thread is replaced with a metric thread for mating with an internal metric thread of an enclosure, machine or other equipment being connected.

Thread Specifications

These are aluminum conduit thread per DIN 40430 (European Standard). Detailed thread specifications are available upon request. All threads are Mxx X 1.5 pitch.

Consult factory for custom configurations and materials.
